Your yearbook represents the passing of an era - the last year in the old high school and the last year for the high school and grade school to be located in the same buildings. This all represents growth in many ways on the part of our school system and student body.

We feel you have had the most successful year in our school's history in regard to academic accomplishments and standards by our students in spite of our very crowded conditions. Congratulations on your success and best wishes for the future.

Sincerely yours,

Claude B. Mullins

MR. CARL DU BOSE, JR.
High School Principal

If you have acquired a minimum of fundamental knowledge and skills; ability to think and act in the presence of unprecedented situations, and an ethical attitude toward the use of your knowledge and skill; then you have earned the right to graduate from Bloomington High School. This is the goal of every student in our school.

ADVERTISEMENTS

Dear Friends,

I have thoroughly enjoyed serving as business manager of the 1957 Bobcat Annual. This honor will be included as one of the greatest accomplishments of my high school days.

We hope you enjoy your annual and may we urge you to always patronize the advertisers for they have made this annual possible.

I would like to thank my assistants Barbara Hutto, Elva Jean Baros, and Dalaha Hensley who have worked so diligently and co-operated so well. You did a splendid job!

Best Wishes,

Mary Nell Schivitz
